OFFICER TRAINING REIMBURSEMENT AGREEMENT

THIS AGREEMENT, made and entered this <u>20th</u> day of <u>August</u>, <u>2021</u>, by and between the City of Nevada, a municipal corporation, 1209 6th Street, Nevada, Iowa, 50201-0530 (the "CITY") and <u>Nicholas Stanislaus Walleser</u>, <u>DOB: 1/18/1998</u>, (the "EMPLOYEE").

The intent of this agreement is to provide for the training of the EMPLOYEE as a police officer and Emergency Medical Technician and to specify the consideration the EMPLOYEE will provide the CITY in return for the training. This agreement shall not be construed in any way as an employment agreement that would proffer a property right or interest in the EMPLOYEE. The relationship between the CITY and the EMPLOYEE is strictly an "at will" employment relationship.

Now, therefore, the CITY and the EMPLOYEE, for consideration herein set forth, do mutually agree as follows:

1. TRAINING OF THE EMPLOYEE

- A. <u>Iowa Law Enforcement Academy</u>. The CITY and the EMPLOYEE hereby expressly agree that the CITY shall pay the "total training expenses" as defined and set forth below for the EMPLOYEE to attend the Iowa Law Enforcement Academy (the "Academy") as soon as the EMPLOYEE is accepted into the program. The CITY shall also pay for all other expenses, as detailed below, that are specifically related to the EMPLOYEE'S training.
 - Total training expenses for the Academy represent the actual costs incurred by the CITY for:
 - Any overtime incurred by a Field Training Officer for preparation or reporting of activities directly related to, and specifically for the EMPLOYEE'S training;
 - b. The cost of travel to and from the Iowa Law Enforcement Academy;
 - Any monies paid to the EMPLOYEE for reimbursable expenses while studying for classes at the Iowa Law Enforcement Academy;
 - d. The EMPLOYEE'S mileage, food, lodging, tuition, books, and required materials and uniforms while attending the Iowa Law Enforcement Academy;
 - e. All costs associated with the replacing of an officer while in training, if the replacement officer is a temporary employee hired for that purpose only, or if the replacement requires the payment of overtime;
 - f. All costs of testing, screening, and evaluating the Employee; and
 - g. Any other costs or fees incurred by the City relating to the training of the EMPLOYEE.
 - Total training expenses <u>do not</u> include any time spent by the EMPLOYEE performing other services for the CITY, including dispatching, filing, patrol work, or other work assigned by the CITY.

- 3. For the EMPLOYEE'S reference, an estimate of total training expenses is set forth in Exhibit "A" attached hereto and incorporated by this reference. Both parties hereto acknowledge and agree that total training expenses shall be based on actual costs incurred by the CITY. Accordingly, upon the EMPLOYEE'S successful completion of training at the Academy, certification as a law enforcement officer, successful completion of field training, and certification as an Emergency Medical Technician {As detailed in Section B below}, the CITY shall provide the EMPLOYEE with an itemization of total training expenses incurred by the CITY for the EMPLOYEE'S files. The final accounting of actual total training expenses shall be substantially in the same format as estimated costs are set forth in Exhibit "A" of this Agreement.
- B. Emergency Medical Technician Course. The CITY and the EMPLOYEE hereby expressly agree that the CITY shall pay the "total training expenses" as defined and set forth below for the EMPLOYEE to attend an Emergency Medical Technician {EMT} Course. The program or course for the EMT Certification shall be a Nationally Recognized course of training and an approved course by the CITY. The EMT program or course will be schedule by the CITY and the EMPLOYEE will be required to attend. The CITY shall also pay for all other expenses, as detailed below, that are specifically related to the EMPLOYEE'S training. The EMPLOYEE is required to complete the Emergency Medical Technician {EMT} Course with a passing score, and complete all tests, licensing, and certification, within one (1) year from the first day of the Emergency Medical Technician {EMT} Course. Should the EMPLOYEE fail to meet the requirements as stated, the EMPLOYEE is subject to termination.

Total training expenses for the EMT Course represent the actual costs incurred by the CITY for:

- Any overtime incurred by a field-training officer for preparation or reporting of activities directly related to, and specifically for the EMPLOYEE'S training;
- b. The cost of travel to and from the EMT Class;
- Any monies paid to the EMPLOYEE for reimbursable expenses while studying for EMT classes;
- d. The EMPLOYEE'S mileage, food, lodging, tuition, books, and required materials while attending the EMT Class;
- e. Any monies paid on the behalf of the EMPLOYEE for testing and certification involved with the National Registry of Emergency Medical Technician {NREMT} Exam; and
- f. Any other costs incurred by the CITY relating to the training of the EMPLOYEE.

2. REIMBURSEMENT OF TOTAL TRAINING EXPENSES

- A. In consideration for the expenditures incurred by the CITY to train the EMPLOYEE as a police officer and EMT pursuant to Sections 1(A) and 1(B) above, the EMPLOYEE expressly agrees to be employed as a full-time police officer for the CITY for at least four (4) years from the date upon which the EMPLOYEE graduates from the Academy and has met all other criteria needed to receive proper certification as a law enforcement officer and EMT (the "Reimbursement Period").
- B. If any of the following events occur during the Reimbursement Period:
 - 1. The EMPLOYEE voluntarily resigns from the Nevada Public Safety Department;

- 2. The EMPLOYEE is dismissed during the probationary period of nine (9) months from the date of certification as an Iowa Peace Officer (the probationary period to expressly include the training period hereunder); or
- 3. The EMPLOYEE is terminated;

THEN the EMPLOYEE shall reimburse the CITY for total training expenses under the terms of this AGREEMENT as set forth below:

i. Reimbursement of Academy costs incurred pursuant to Section 1(A) above:

Years of Service Following	Amount of Reimbursement
Certification as a Law Enforcement Officer	
0-1 year	100% of actual costs
1-2 years	75% of actual costs
2-3 years	50% of actual costs
3-4 years	25% of actual costs
4+ years	No reimbursement required

ii. Reimbursement of EMT costs incurred pursuant to Section 1(B) above:

Years of Service Following	Amount of Reimbursement
EMT Certification	
0-2 year	100% of actual costs
2-3 years	50% of actual costs
3+ years	No reimbursement required

- C. In the event the EMPLOYEE is required to make reimbursement hereunder, one hundred per cent (100%) of the total reimbursement is due within six months (6) from the date of resignation, dismissal or termination.
 - 1. Until such time as the EMPLOYEE in accordance with the terms of this Agreement has reimbursed the CITY in full, the EMPLOYEE has an ongoing duty to notify the CITY of any change in the EMPLOYEE'S place of residence and current employment. Such notice shall be in writing and shall be made no later than fifteen (15) calendar days from the date of any such change in place of residence or employment. The CITY reserves the right to declare the entire balance due and owing immediately in the event the EMPLOYEE fails to comply with this requirement.
- D. The EMPLOYEE does hereby expressly acknowledge and understand that, in addition to any remedies at law or in equity that the CITY may have to recover "total training expenses" hereunder, the CITY may, at its sole election, also seek to have the EMPLOYEE decertified as an Iowa law enforcement officer.
- E. The employee does further hereby expressly acknowledge and understand that the reimbursement obligation set forth hereunder is mandatory. In other words, while the city has the discretion to determine whether to seek decertification of the employee as a law enforcement officer, no such affirmative election of enforcement is required for reimbursement hereunder. Failure on the part of the employee to satisfy the employee's employment obligation during the reimbursement period hereunder shall automatically trigger mandatory reimbursement of total training expenses under this agreement.

- F. If the EMPLOYEE is dismissed for any reason other than those set forth in Section 2 (B) above, such as reduction in force, the EMPLOYEE shall not be required to reimburse the CITY for any unpaid training expenses incurred hereunder.
- G. If the EMPLOYEE is killed or permanently and totally disabled as defined under Chapter 85 and 411 of the Code of Iowa, while in the employ of the CITY, "total training expense" reimbursement obligations hereunder shall be deemed satisfied in full.

3. DUTIES DURING TRAINING

The EMPLOYEE may, at the CITY'S sole option, be required by the CITY to work for the Nevada Public Safety Department while attending the Iowa Law Enforcement Academy Basic School, and may be required to patrol, dispatch, operate computer systems, perform clerical tasks, or do other duties as assigned by the Chief of Police or the Chief's designee. The hours expended by the EMPLOYEE in attendance at the Iowa Law Enforcement Academy Basic School and in service to the Nevada Public Safety Department shall be subject to the same limitations and compensatory time policies as apply to all police officers of the CITY.

4. BONA FIDE EMPLOYMENT

The EMPLOYEE does expressly acknowledge that the CITY is entering into this Agreement to facilitate the bona fide employment of the EMPLOYEE as a police officer by the CITY. Accordingly, the EMPLOYEE does further acknowledge that the EMPLOYEE is **not** entering into this Agreement to achieve certification as a law enforcement officer by way of "sponsorship" through the CITY for the Iowa Law Enforcement Academy Basic School.

5. CONTROLLING LAW

This Agreement shall be governed by the laws of the State of Iowa. The parties hereto agree any action, suit, or proceeding based upon any matter, claim or controversy arising under this Agreement shall be brought solely in the Iowa District Court in and for Story County, Iowa. The parties hereto irrevocably waive objection to the venue of the above-mentioned courts, including any claim that such action, suit or proceeding has been brought in an inconvenient forum. Both parties hereby expressly acknowledge and agree nothing contained in this Agreement shall be construed to require the parties to submit to mandatory arbitration or mediation in the event-of a breach or dispute hereunder.

6. HEADINGS

The heading of sections of this Agreement are for convenient reference only and shall not be deemed to limit, construe, affect, modify or alter the meaning of such sections.

7. SEVERABILITY

If any section, subsection, term or provision of this agreement or the application thereof to the EMPLOYEE, the CITY or a particular circumstance is declared unconstitutional, invalid or unenforceable to any extent, the remainder of the section, subsection, term or provision of this Agreement or the application of same to the EMPLOYEE, the CITY or particular circumstances other than that for which it was held invalid or enforceable, shall not be affected thereby and each

remaining section, subsection, term or provision of this Agreement shall be valid and enforceable to the fullest extent of the law.

8. AUTHORITY

The persons signing this Agreement warrant and represent that they have the authority to sign as, or on behalf of, the party for whom they are signing.

9. FINAL AGREEMENT

Both the EMPLOYEE and the CITY hereby expressly acknowledge and agree this Agreement is intended to set forth the entire agreement between the parties regarding reimbursement of "total training expenses" by the EMPLOYEE, that there are no other considerations or monies contingent upon or resulting from the execution of this Agreement, and that no other monies or consideration have been solicited. No waiver, change, modification or amendment of this Agreement shall be binding upon either party hereto unless in writing and signed by both the EMPLOYEE and the CITY. The waiver by either party hereto of a breach of any provision of this Agreement shall not operate or be construed as a waiver of any subsequent breach of that provision or of any other provision or condition in this Agreement.

10. ENFORCEMENT

If it becomes necessary for the CITY to enforce this contract, EMPLOYEE agrees to pay all costs and expenses incurred by the CITY, including reasonable attorneys' fees.

Kerin-

Can you include this on the consent agenda as a "receive and file." (Does not need to be on Monday's agenda!) The council does not need to take any action on this—this is an easement that On Track has negotiated with Alliant because they missed the ROW and located the cabling on On Track's personal property. Larry had discussions with John Gade (Fox Engineering—engineers for Matt Runge) and I had requested that the City also receive notice and provide approval for any change of grade/construction in this easement area because it could impact the City's adjacent water main easement. You will see that John Gade included this language in the document. So, no action needed, but just want the council to be aware.

Let me know if you have questions. Thanks!

The total for Pay Application No. 3 is \$1,021,217.89. As of this Pay Application, WBCI has been paid 10.7% of the contract (not including retainage withheld), which breaks down to work completed of 10.5% with 0.8% of stored materials. As of this Pay Application, approximately 18% of the time has been used. WBCI appear to be on schedule based on work completed and time remaining.

We have reviewed Payment Application No. 3 and WBCI has submitted the partial waiver of lien. We have verified that WBCI is current with their certified payroll; however a few subcontractors are delayed with their payrolls records for this month. These should be submitted before next month's pay application and can be processed at that time. Therefore, we recommend full payment of Payment Application No. 3 as submitted by Williams Brothers Construction Inc. Please execute the pay application and distribute copies to all parties.

If you have any questions regarding this payment application, please feel free to contact me at (515) 657-5304.

Sincerely,

HR Green, Inc.

RESOLUTION NO. 012 (2021/2022)

Resolution Declaring Intent to provide Economic Development Support to Development Project at 1122 6th Street

WHEREAS, the City Council of the City of Nevada, Iowa (the "City") previously established the Nevada Urban Renewal Area (the "Urban Renewal Area") and adopted an urban renewal plan (the "Plan") for the governance of initiatives and projects therein; and

WHEREAS, Harmony Clothing Closet (the "Developer") has proposed to undertake a commercial development project (the 'Project") on the property (the "Property") situated at 1122 6th Street in the City; and

WHEREAS, the Project will include the replacement of new furnace and air conditioner unit, roof repairs and masonry restoration on the Property; and

WHEREAS, the Developer intends to make application to Story County Community Foundation Grant assistance for the Project, and this grant program requires a certain level of local support for the applicant's project (the "Local Contribution Requirement"); and

WHEREAS, the Developer has requested that the City declare its intent to fulfill the Local Contribution Requirement and provide future fiscal support to the Project through (a) an economic development grant (the "Grant") in the amount of \$1,200 and (b) Waiving of fees for permits and inspections for the selected property and encouraging staff to volunteer in the restoration efforts through the City's Wellness Program;

NOW, THEREFORE, Be It Resolved by the City Council of the City of Nevada, Iowa, as follows:

- Section 1. The City hereby expresses its intent to support the Project in the future. The City will, in good faith, negotiate a Development Agreement with the Developer with respect to the Project, such proposed Agreement to minimally include the following terms:
- A) The Developer will commit to undertaking the Project, investing a certain minimum amount of dollars into the Project and meeting certain performance benchmarks with respect to the completion, maintenance, use and operation of the Project; and
- B) In order to satisfy the Local Contribution Requirement and to provide support to the Project, the City will agree to (i) fund an economic development grant to the Developer during the construction of the Project equal to \$1,200 and (ii) Waiving of fees for permits and inspections for the selected property and encouraging staff to volunteer in the restoration efforts through the City's Wellness Program.
- Section 2. The Mayor is hereby authorized to sign such documentation as may be reasonably requested by the Developer to show the City's support for the Project and the corresponding application for grant assistance, provided that such documentation is consistent with the terms of this Resolution.

Section 3. Microenterprise Assistance

Program Overview

This program provides funding to communities to assist local microenterprises impacted by the COVID-19 pandemic. A city or county must apply for CDBG-CV funds on behalf of an eligible microenterprise. If awarded, funds will be awarded to the city or county who will then distribute funds to the microenterprise(s). A microenterprise is defined by HUD as a business with 5 or fewer employees, including the business owner.

Eligible activities include:

 Assistance to a microenterprise for working capital, equipment, building improvements, and related costs necessary to sustain and expand a microenterprise.

Examples of projects include:

- Assistance to a microenterprise for working capital necessary to hire new staff.
- Assistance to a microenterprise for physical repairs to its building.

To be eligible for funding the microenterprise must:

- 1. Be owned by a LMI individual, based on income verification OR
- 2. Create LMI jobs as a result of the project. Those hired for new positions will complete an income certification that will be used to document LMI status (at least 51% to be LMI).

Low- to moderate income is defined as persons with household incomes at or below 80% of the area median income as defined by the U.S. Department of Housing and Urban Development (HUD). Current income levels can be found on the IEDA website: https://www.iowaeda.com/cdbg/management-guide/.

All incorporated cities and all counties in the State, except those designated as HUD entitlement areas, are eligible to apply for and receive funds under this program.

The maximum award per project under this program is \$50,000 per microenterprise assisted.

All projects must demonstrate how the activities prevent, prepare for, or respond to COVID-19.

Program policies & guidelines

Applicants must demonstrate that the project can be completed and that all CDBG-CV funding will be spent by July 20, 2023.

At the time of application, applicants should identify participating microenterprises and how those businesses qualify (LMI owner OR creating LMI jobs).

A microenterprise is defined as a business with 5 or fewer employees, one or more of whom owns the business. IEDA will look at full time equivalents (FTEs) on the payroll at the time assistance is provided to the business to determine eligibility. Upon IEDA approval, part time employees may be combined to determine the number of FTEs.

Applicants must document all matching funds for the project at the time of application. Matching funds must be committed to the project at the time of application.

Assistance to the microenterprise will be in the form of a forgivable loan. The loan will be forgiven subject to the proposed activities being completed by the microenterprise and the microenterprise remaining in operation for 2 years past the project completion date. The community and microenterprise will enter into an agreement outlining the terms above. As part of the agreement, the community will secure collateral from the participating microenterprise.

Application deadlines

Applications are accepted on an ongoing basis, as funds are available.

Application process

Applications may be submitted through lowagrants.gov: https://iowagrants.gov/insideLinkOpps.jsp?documentPk=1602766485825

Required attachments

The application form in lowagrants.gov lists all attachments required to be submitted with the CDBG-CV applications. Applications without all required attachments submitted will not be reviewed by IEDA.

Evaluation criteria

CDBG-CV applications are reviewed based on the criteria included in the application review form included in the appendix to this manual. The Community Investments Team makes funding recommendations to the IEDA Director. Final award approval is provided by the IEDA Director.

Award decisions

Award decisions are made on an ongoing basis, as applications are submitted. Approval timelines may vary, depending on staffing, internal approvals, and the completeness of the application. Award decisions are typically made within 30-45 days of application submittal.

Good afternoon water vendors,

I am reaching out today in regard to a new federal water assistance program of which you may have already heard about. Mid-lowa Community Action (MICA) is contracted through the Iowa Department of Human Rights to administer the new Low-Income Home Water Assistance Program (LiHWAP). With this program, MICA will serve five counties: Marshall, Hardin, Tama, Poweshiek, and Story.

MICA invites you to review the attached contract (available in PDF and Word format), our LiHWAP promotional flyer and informational PowerPoint. We are eager to partner with you in this program! Direct payments to households through this program are not allowed, so your participation is vital! Some benefits to your participation include:

- Ensured collection of arrears for LiHWAP-approved households
- Reduced work burden on vendor techs/staff due to averting disconnections that would otherwise occur
- Option to include program information in marketing materials to increase awareness of community enrichment initiatives
- Development of a great working relationship with your local community action agency, MICA, who administers multiple assistance programs that could benefit your customer base

After reviewing the program materials and vendor agreement, if you decide to partner with MICA, please sign and return the vendor agreement at your earliest convenience. Upon receipt, our Executive Director will sign the vendor agreement and a fully executed copy will be sent back to you. If we have not received your contract back by Friday September 17, Ana Ventura (LiHEAP/LiHWAP Coordinator) or myself will be reaching out directly via phone. We would like to get agreements in place so we are able to get started with applications and payments when we receive the funding.

This is a new program for us as well so we encourage you to reach out with any questions or concerns regarding the program and the vendor agreements. We look forward to collaborating with you!

Sincerely,

Josie Stahlin Assistant Family Development Director Mid-Iowa Community Action, Inc. 1001 S. 18th Avenue Marshalltown, IA 50158

All provisions of this agreement are subject to the availability of federal funds, issued by the U.S. Department of Health & Human Services (HHS). All Vendors shall abide by the following provisions for the current lowa Low-Income Household Water Assistance Program (LIHWAP). Note: the term 'Vendor' applies to Owners & Operators of Community Water Supply Systems.

1.00 Agreement Duration

This agreement is effective when signed by the Vendor and shall terminate on <u>September 30, 2023</u>. The termination of this agreement shall not discharge any obligation owed by either party to the other or to an eligible household if such obligation was incurred during the effective period of the agreement.

2.00 Vendor Notification of Eligible Households

The Local Agency will notify the Vendor of those households that have been approved for the LIHWAP program through the mail, email, phone, or an online portal hosted by the Vendor. This notification must occur timely enough to avert disconnection of service, any additional charges, and ensure reconnection when appropriate.

3.00 Household Payments from LIHWAP

The LIHWAP program provides benefit awards on behalf of eligible customers by paying arrearages to drinking water/wastewater utilities in order to ensure service continuity and to reconnect service. Eligible households on whose behalf payments are made are third-party beneficiaries under this agreement. Therefore, all payments accepted by the Vendor made by the Local Agency on behalf of an approved household must be applied as a credit to that household's current water account. All LIHWAP credit balances must remain on the account until the benefit is exhausted. Water service must be maintained for at least 30 days after receiving the LIHWAP benefit payment from the local agency.

Any payment not accepted by the Vendor must be returned to the Local Agency within 5 business days of its receipt. Any duplicate payment for a household or an account must be reported to the Local Agency within 5 business days.

3.10 Households with Disconnect Notices (or imminent threat of disconnection)

The Vendor will accept LIHWAP payments for households with a disconnect notice or at imminent threat of disconnection, and will ensure the households' water service remains connected to avoid a reconnection fee.

For purposes of this section, payments include notification by the Local Agency to the Vendor on behalf of the LIHWAPapproved household. Such notification must ensure services are not interrupted for at least 30 calendar days, no additional fees or charges occur, and if disconnection has already occurred reconnection will be established.

3.20 Disconnected Households

LIHWAP payments that cover the balance owed by a disconnected household, will establish prompt reconnection of the water account by the Vendor.

For purposes of this section, payments include notification by the Local Agency to the Vendor on behalf of the LIHWAPapproved household. Such notification must ensure services are not interrupted for at least 30 calendar days, no additional fees or charges occur, and if disconnection has already occurred reconnection will be established.

3.30 Supported Expenses

The following are expenses which the LIHWAP program supports:

- · Drinking Water/Wastewater utility past/back bills and amounts required to bring the account current
- Reconnection fees

3.40 Unsupported Expenses

The following expenses are unsupported by the LIHWAP program:

- · Utility deposits for new service
- · Expenses for diversion fees
- Repair, replacement, or installation of new home water systems/fixtures
- Wells or any other non-utility provided water system
- Energy services

4.00 Vendor Receipt of Payment

Within 30 calendar days of the Vendor's receipt of payment, the Vendor will provide to the Local Agency a receipt for the amount of payment received, using the format provided to the Vendor by the Local Agency.

A level payment amount shall not be adjusted nor shall a recipient be requested or required to withdraw from a level payment plan due to receipt of program assistance.

5.00 Continuous Access to Drinking Water/Wastewater Services

Thank you for your inquiry. We should be able to accommodate your request. I will need some information before I can approval this:

- The official name of your sorority

- Approximate the number of guests
- How many non-drinking monitors will you have at the event
- Who will be in charge at the event
- Mobile number of the person in charge at the event
- An Email to send the letter of approval

Your email indicated you will have this event from 7-9pm. That's two hours. You will need to have a minimum of two officers for this event. Officers are required to be at the event 30 minutes before the start, that will be 6:30. The fee is \$55 per hour, two hour minimum. In your case it will be $2.5 \times 2 \times $55 = 275 . City Administrators Report

August 20- September 9, 2021

CAT Grant:

The CAT Grant has been submitted so now we are waiting to hear back. They will be in contact with us shortly to answer some questions. I believe we are in good order to receive some of the money if not all but only time will tell.

Grant Monies:

I touched on this in the last report but on our council agenda there will be an ask of \$12,500 to support a Micro-CDBG fund of 250k. NEDC will be putting towards the rest of the \$12,500. Again, these funds will be available to new or existing businesses with 5 full-time employees or under.

Design:

Very Excited about this phase of Downtown. Mainstreet is still working on an overall concept for DT. They are still working on the October date to present to the city. I am planning on having them present to council as well when the time comes. This will include planters, trash cans, seating area and hopefully much more!

Ordinances:

We have several ordinances in the pipeline that are either being added or revamped. Ordinances being added:

- 1. Rental Inspection Program
- 2. Parklets
- 3. No parking on front or side yards (summer months only)
- 4. Mobile food Trucks

Street Signs:

Still doing research on this and trying to figure out a plan on how we would roll this program out for the community on colored signs.

Logos:

The new logos have come in and we are working on getting those updated. We will most likely work on those when we have down time.

HyVee:

Ryan has started doing the final walk-throughs at Hy-Vee, we are getting closer. They have been held up on the shelving for their store because they were on backorder.

House Family (Homeacres):

Visited with Charles and Jan House about their Homeacres property and hopefully doing some sort of a swap or trade. I have been trying to figure out ways to clean up the area and Kerin came up with a brilliant idea on seeing if they would swap their farm land for cleaning up 14 of their trailers. I thought this was a good idea because the assessed value of the farmland was pretty close to the amount it would cost us to clean up the trailers. I am waiting to hear back from them as they need to speak with the other two owners.

Updates:

Burke WW Agreement:

Erin should have corrections back to me end of the week next week.

Verbio WW Agreement:

In progress. Made revision, Erin is updating currently.

Boulders:

The boulders have been carved, cut and returned to the city. We will be hopefully be placing them within the month.

Drone:

Ryan has been doing quite a bit of research, I still think this would be beneficial for the city but still trying to get logistics taken care of pertaining on how many licenses we will be needing to retain.

Traffic Flow Issues

The complete closing of the 5th Street and Lincoln Highway, along with the alley adjacent to the post office closed at K Avenue, citizen complaints were almost eliminated. The remainder of complaints centered more on the inconvenience of the roadwork than anything else. As of Wednesday, 9/8/2021, the intersection at 5th Street is now completely open.

Lincoln Highway Days

Overall, from the Public Safety point of view, the Lincoln Highway Days celebration went well.

A few days after this event I met with the Command Staff and had a debriefing to discuss and make recommendations to the LHD committee for next year. Sgt. Chris Brandes is on the committee and will meet with the group and go over these thoughts.

While the festivities were taking place I drove around the area. One of the blaring concerns I noticed, as well as my staff, was the parking around the area. While some parking restrictions were enacted, it was very obvious more needed to be done. Streets which had parking on both sides where very difficult to navigate as the roadway for driving was very narrow. Sampson Drive had parking on both sides of the street; it would have been very difficult for a fire engine to drive through without damaging parked vehicles.

To document and help address this issue, Officers drove around the fairgrounds and video recorded the parking. This took place in the afternoon and evening. I will be providing some recommendations to the City Council on increased restricted parking on some avenues and streets to eliminate this issue in the future.

The beer sales took place throughout most of the day. There did not appear to be any more issues than has been the case in the past.

September 2021

TO: Mayor - City Council Members City Administrator Jordan Cook

FROM: Kerin Wright, City Clerk

The Election Filing Deadline for delivery of affidavit and petitions in the City Clerk's office is Thursday, September 16th by 5 p.m.

The State Auditors have begun the annual audit for FY21. They will be in the office a few days a week for the most of the month of September.

The IMWCA Payroll Audit for FY21 has been finished. We were able to deduct any COVID-19 pay of the wages. The results from the audit should be finalized in the next month or so.

Another item that will be coming our way is redistricting after the 2020 Census. With the release of the 2020 Census counts to states new boundaries are set based on the shifts in population. Legislatures have up to three attempts to approve the redistricting lines and forward on to the counties then to the cities. With the delay in the count this process is much later than normal already. I wanted to put this on your radar as this could potentially cause us to waive second and third readings when the redistricting finally gets down to the city level and we are required to pass our ordinances and work with the county to incorporate into their redistricting as well. I attached a couple sheets showing what the data is showing for Nevada.

Typically at the end of September the Street Finance Report was due, however, recent legislation moved the submission date back to December 1 to follow the other annual reports that are due. Year-end reports due no later than December 1st of each year include: Annual Financial Report, Annual Urban Renewal Report, TIF Certification, and Street Finance Report.

And last but not least, September starts the beginning of a new budget season! Can't believe we will be budgeting for FY2022/2023!

SUPPORT TO LINCOLN HIGHWAY DAYS

The fire department was honored to once again offer support to Lincoln Highway Days events. The community flag is in the process of being replaced. Al Kockler purchased the large fire department flag and as we seek a replacement for our 7-year-old flag, Al has once again offered to purchase the flag.

The department participated in the parade, served three hogs for a hog roast, watered the rodeo livestock, cleaned out the fair barns prior to LHD, displayed the flag uptown and at the rodeo, and had EMT's on site at the rodeo. Lincoln Highway Days is a busy time for our department. All of this and we responded to 14 emergency calls in two days.

STATE CENTER FIRE DEPARTMENT FUNERAL

The fire department will be taking the ladder truck and flag to State Center on September 3rd, 2021 from 3pm-8pm to support the funeral of a State Center Fire Captain who died of a heart attack this week at SCMC. The department requested our presence as one of the only departments with a large flag.

SUCCESS WITH THE ASSISTANCE TO FIREFIGHTERS GRANT

Finally, we landed a big FEMA grant! The department was notified on Friday August 27th, 2021 the award for nearly \$50,000 was approved. The department submitted a grant request for battery operated extrication tools given the high number of motor vehicle accidents we respond to on major highways and interstates. The new tools will cut through the high strength steel found in modern cars and trucks. We will be testing these battery E-tools throughout the month of September.

9-11 STAIR CLIMB AND ISU FOOTBALL GAME ON SEPTEMBER 11TH

Sept 10th from 4-7 pm, the fire department and Verbio will host the 20th anniversary of 9/11 stair climb. Stair climbs around 9/11 have become a popular way to memorialize those brave first responders who climbed the stairwells of the World Trade Center Towers to get people out of the building during the attack in 2001. There will be over 95 police, firefighters, EMS, dispatchers, military, and airline pilots participating in the climb at Verbio.

The department will have access to the 9/11 steel from the WTC currently housed at the Fire Service Training Bureau in Johnston. The steel will also be provided to ISU athletics to be used as part of opening ceremonies for the ISU vs Iowa game in Ames.

Public Works

I attended the Annual Public Works Expo in St Louis last week I learned a lot and made a lot of new contacts. Seeing the problems that some cities have and have to work through makes me proud of our employees and to be a part of Nevada.

Water Pollution Control

- Our new operator, Devin Cornish started August 23rd and has been doing an excellent job! He is already comfortable enough to work weekends on his own. I give credit both to him and to Harold See for being an excellent trainer for him.
 - O I am getting Devin lined up for the 30-hour Basic Training Course through the DMACC WET (Water Environment Technology) to prepare him to sit for his IDNR Grade 1 Wastewater Treatment License. Thanks to programs in place with the IDNR in conjunction with DMACC, this will not cost the City anything. Approximately \$500 savings. NOTE: With his previous pretreatment experience at his previous employer, he will be able to test after course completion.
- We had our annual underground fuel storage inspection on September 8. No issues.
- We are keeping up with minor repairs on equipment due to old age, trying to get them by until the
 plant is abandoned and demolished with minimal expense. One pump is at Allied Systems for
 rebuild. They are using aftermarket parts which is half cost of using OEM parts.

Plans for the month primarily involve routine operations and maintenance, attending update meetings for the new plant project, and I will be attending the IAWEA (Iowa Water Environment Association)

Annual Conference September 21 – 23

Street Department

We have been busy with storm intake repairs, we have sprayed the bridge guard rails, mowing of roadside ditch's, trimming trees, wrapping up painting in town, sweeping of roads. We have also have had a lot of lowa One call tickets. Regular maintenance of city vehicles and assisting other departments as needed cemetery trimming concrete for parks department and vac truck for the water plant.

Water Department

Jamie and Charlie are doing a great job learning their new rolls within the city. They have been doing a lot of extra work like maintaining fire hydrants and greasing the caps which will make it easier for the fire department as well as studying for their water license test that they can take in February.

Nevada City Council City Administrator

From: Erin Coughlin, Library Director

Nevada Public Library Council Report

- The new library director, Erin Coughlin, officially began on September 1, 2021. Interim/Assistant
 Director, Amanda Bellis, has done a great job of training Erin in NPL specific protocols and
 policies. Erin has begun work on the State Annual Survey which is the yearly review required by
 the state and will be due at the end of October.
- We are beginning our search for a new Youth Services Librarian, as Travis Landhuis will be
 leaving us later this month. Travis has agreed to work part-time remotely until we hire and train
 a replacement. This will be beneficial as we will be short-staffed already with Linda Wright's
 impending retirement. It will also help with the transition to the new hire as Travis can help train
 our new librarian remotely. Most importantly, it will benefit our patrons as he will continue
 offering virtual programs such as story times.
- The library hosted a Covid-19 Vaccine clinic in a joint venture with Story County Public Health and United Way on August 26, 2021. Eighty-five individuals received a Covid vaccine. A gift card of \$50 was presented to participants who received a one dose vaccine, and a \$25 gift card per dose for a two-dose vaccine. These incentives were provided through a grant from the lowa Department of Public Health. We will be hosting a second clinic on Thursday, September 16, 2021 from 3:00 pm 7:30 pm. J&J, Pfizer (first and second doses) and Moderna first doses will all be available on that date, with gift cards given as incentives again.
- The library is also holding a Cooking With Summer's Bounty program at the Nevada Senior Community Center on September 14th and 15th from 6:30 pm – 8:00 pm. Tuesday's event will be geared toward teens and Wednesday's event will be focused on adults. Local chef Becky Ringsby will be walking attendees through cooking options for locally grown food.
