The total for Pay Application No. 6 is $731,644.15. As of this Pay Application, WBCI has been paid 17.7% of the current contract price (not including retainage withheld). As of this Pay Application, approximately 28% of the time has been used. WBCI appear to be on schedule based on work completed and time remaining.

We have reviewed Payment Application No. 6. We have verified that most all certified payroll records for the corresponding pay application period are received and conforming; however a couple subcontractors are delayed with their a few payrolls records for this month. These should be submitted before next month's pay application and can be processed at that time. There have been no issues with certified payroll compliance to date. Therefore, we recommend full payment of Payment Application No. 6 as submitted by Williams Brothers Construction Inc. Please execute the pay application and distribute copies to all parties.

If you have any questions regarding this payment application, please feel free to contact me at (515) 657-5304.

Sincerely,
